

Submission Form

Universities for Goal 13 competition (4th edition)

The Universities for Goal 13 initiative is an annual competition organized by SDSN and Siemens Energy aiming to identify and promote university talent fighting climate change. We look forward to reading your proposal. Thank you for participating!

Please read the [Competition Brief](#) as well as the [Rules & Guidelines](#) carefully before submitting your proposal through the form below. Kindly note that you will have to run the SDG Impact Assessment Tool and attach the resulting report to this application. Only those proposals that fulfill the criteria will be considered.

Your project will be evaluated based on the following criteria:

1. Innovation and uniqueness of the solution
2. Feasibility and practicality of the proposal
3. Disruptive potential
4. Impact on climate change and/or the energy transition, and alignment with SDGs (evaluated through the SDG Impact Assessment Tool)
5. Clarity and completeness of the application

Applications close December 15th, 2024.

(1) About the Team

1. Name of the University

2. Name and position of the supervising professor(s) and/or university staff

3. Total number of students in the team

4. Full name of all the students in the team, together with the degree and institution in which you are enrolled (for example: John Smith, BA in Biology, Monash University)

Please describe who are the core members of your team, and what are their roles.

-
-
-

5. Contact email(s)

Please include the emails of all the members of your team.

-
-
-

(2) About the Solution

1. Title of the Project

2. Introduction

Briefly describe the problem, context and motivation [max. 300 words].

3. Description of the proposal

[Max. 500 words]

4. Methodology

Describe the experimental procedure in the development of the solution [Max. 500 words]

5. Expected outcomes

[Max. 300 words]

6. Other information that might be relevant (including links to websites or images)

(3) Alignment and impacts on the SDGs

All projects must be aligned with the Sustainable Development Goals (SDGs). Please run the 'SDG Impact Assessment Tool' and upload the resulting report to this submission. The tool and a video tutorial to learn how to use the tool are available on <https://sdgimpactassessmenttool.org/en-gb>.

Please list the main impacted SDGs and add any other relevant information on how your solution is aligned with these Goals. The report must be attached to the application.

Thank you for taking the time to fill out this form. Good luck!
